

Projects:

- **MINOR PROJECT**

ONLINE STUDENT TEST IN JAVA- There are so many games where the winner is one who takes the least time in successfully completing the given task. For example, the fastest finger first in Kaun Banega Crorepati. The developed site generate a test of 20 Question in given time 15 min. After the given time student can see there score and also able to see correct answer

- **MAJOR PROJECT**

Online Record Management System-In front end visual studio 2008(Asp.net) and Sql server for **BLUF LEAF INSTITUE** which the part of **NextGenVenturi Pvt Ltd**. Online Record Management System allows for easy storage, management and administration of records of trainees in an organization. It holds their personal details, organizational details, attendance details and their performance evaluation detail. In this the trainee is provided with a client account type while their mentors hold the administrative rights. The attendance of the trainees is automatically registered as soon as they login to their account. Besides new trainees can also register for their industrial training.
