SRI GURU GRANTH SAHIB WORLD UNIVERSITY

ESTABLISHED UNDER PUNJAB STATE ACT 20/2008 AND APPROVED BY UGC

MEMBER OF ASSOCIATION OF INDIAN UNIVERSITIES

FATEHGARH SAHIB-140406 (PUNJAB)

The University

"Creation of Value Based Knowledge Society"

Sri Guru Granth Sahib World University, Fatehgarh Sahib, a project undertaken by the SGPC is a missionary, charitable and humanitarian institution which seeks to impart inclusive education to learners from all creeds, castes and religions. The University has been established under Sri Guru Granth Sahib World University Act (Punjab State Act 20/2008) and the SGGSWU commenced its first academic session in July 2011. The University has also secured the membership of AIU (Association of Indian Universities)-Membership No. 614. There has been no looking back since then. With all kinds of support from the State and the SGPC, the University has made rapid strides, in a short span of time, to emerge as a premier institution of higher learning in North India. Several innovative academic programmes in the fields of emerging technologies, sciences and humanities are being run by the University for the benefit of the students.

Major thrust areas of the University are promotion of value based quality education and research. It is a matter of great pride for us that research projects worth more than Rs. 3 crores rupees have been awarded to the University faculty by the national agencies such as the DST, CSIR and DAE etc. A large number of faculty members are actively involved in carrying out research and publish their papers regularly in journals of international and national repute. Workshops and competitions for the holistic growth of personality of the learners and for providing hands-on training in the use of scientific equipment are structured into the very curriculum, the University offers.

In order to promote scholastic excellence and interdisciplinary approach, the academic structure of the

technological infrastructure by way of very well equipped labs. In order to promote inclusive education and merit, several scholarships are provided by the University to the needy and meritorious students, students belonging to minority communities, SC, ST, and single girl child students. Apart from this, fee concessions and scholarships are provided to meritorious students.

Modern life is characterized by alienations of myriad hues. The teachings of the Sikh Gurus, enshrined in Sri Guru Granth Sahib can go a long way in healing the rift which scars the psyche of the modern man by uniting him to his own self, the society around him and to the Divine Light whose residence is the human heart. The University has adopted five neighbouring villages for their overall development. The University seeks to promote holistic growth of the learners' personality. Hence, along with the pursuit of excellence in academics, there is great emphasis on sports, extra-curricular and extra-mural activities.

This is owing to the University's impetus on the overall personality development of its students that the training and placement cell of the University has achieved success in providing attractive job offers with packages of up to Rs. 12 lakh per annum to the students. The University Training and Placement Cell, is whole heartedly committed to get each and every student placed in reputed companies. The University students, specifically from sciences and engineering courses are also making their mark in R&D sector at international platform. In a short span of time, the University has emerged as a podium for bright future of young India.
